

Available in Arkansas:

ParentNotices SIS Integration

The Arkansas Division of Elementary and Secondary Education is providing ParentNotices SIS Integration to Arkansas districts.

The ParentNotices SIS integration makes sending compliant parent notifications easier and faster!

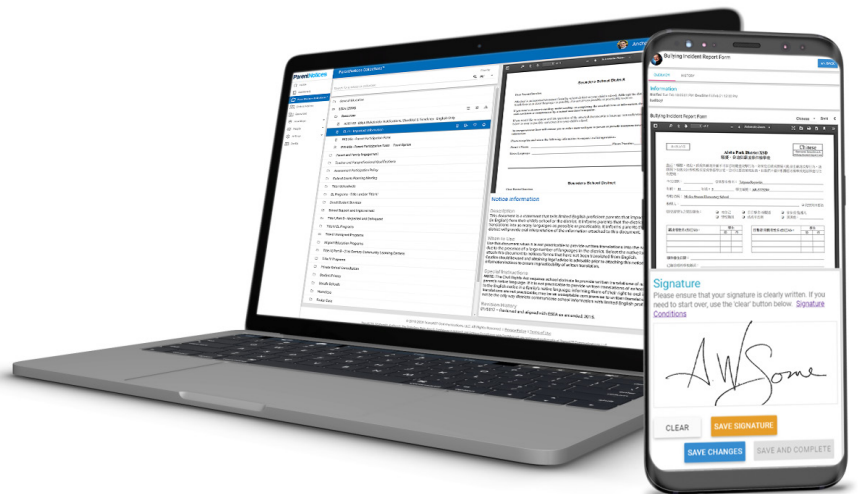

- Fill in the notices with student information (including roster data) retrieved from the student information systems (SIS).
- Deliver notices to parents' preferred devices, including desktop browsers, mobile phones, and tablets.
- Invite parents and families to read, review, and respond to notices via the "Parent-View" mobile-friendly interface.

What is ParentNotices? TransACT ParentNotices is a subscription to hundreds of legally reviewed, federally compliant, translated notifications. Your unlimited, district-wide subscription is provided by the Arkansas Department of Education to save time and cost associated with Parent and Family Engagement requirements and the associated translations. **Every district in Arkansas has unlimited access to ParentNotices. To activate your subscription or register for training, contact support@transact.com**

Start your SIS
integration in 2 minutes:

Scan this QR code with your smartphone camera and fill out the form. Need assistance? Email support@transact.com

The Arkansas Division of Elementary and Secondary Education partners with TransACT to provide school districts with an unlimited subscription to ParentNotices. SIS integration is provided in partnership with TransACT and the Global Grid for Learning (GG4L) to enable fast, accurate online delivery of required parent notices in a parent's preferred language.

Start Your Easy SIS Integration Now:

Your integration can be active within 10 business days of completing the simple form below. Don't forget to whitelist the domain "@transact.com" so that your staff receive their invites.

1. Fill out the integration request form using the QR code or navigating your browser to: <http://gg4l-5314445.hs-sites.com/transact-parent-notice-arkansas>.
2. Watch for an email from a GG4L SIS Integration Specialist within 24 hours.
3. Your IT Contact or SIS Coordinator will coordinate with GG4L for a simple, straightforward integration process.
